

## 1. Extension for the blocking note of a dissertation

Title of dissertation:

Author of dissertation:

Institute:

Supervisor of dissertation:

Date of oral examination:

My dissertation is connected to a pending patent application. In order not to jeopardize the procedure, the blocking note must be extended by another year.

My dissertation may not be published for the protection of intellectual property for another year.

I therefore ask the university library to keep all copies of my dissertation in a not publicly accessible way.

I am aware that the thesis will be released to the public after two years from the date of signature of the first application, unless I request an extension of the protection period no later than four weeks before the end of the year.
