5. Project Sch	nedule
Starting Date	Expected Duration

6) Project Description:

ase describe project (max 1 page) including a) scientific background, b) research question to be answered, c) study ign/methods, d) potential conclusions/relevance of outcome, e) involved collaborators. ase explain exactly what the requested samples are needed for!					

7. Planned molecular analysis:
With the signature, the applicant agrees to transfer all processed data generated with the biomaterials provided to the MHH biobank or the MHH data warehouse after publication.
8. Planned Publications
HUB and clinical partners must be taken into account in publications that are based on the samples provided and the associated data. Authorship and co-authorship is to be regulated in advance. At least the following wording is recommended for acknowledgment and / or material and methods: "The samples and associated data were provided by the Hannover Unified Biobank (HUB), the central biobank of Hannover Medical School (MHH) in accordance with the regulations of HUB and the approval of the ethics committee."
With the signature, the applicant agrees to report all publications resulting from the use of the provided biomaterials to the MHH biobank.
9. Funding
☐ Funding available
Please add funding organisation:

II) Specification of biosamples

Type / specimen	Number of samples	Quantity / aliquote volume
.) Specific demand by applica	nt	
) Specific demand by applica	iii.	
.2) Requested data:		
osamples are provided with a basic d		tems, collected at time of sample
		and a manday was af birth of an aifin
	-	nosis, gender, year of birth. If specific
	ong with the samples, please spe	cify your demand in the following text
her clinical or meta data is needed al eld. We transmit your data request to presponding data center responsible	ong with the samples, please spe the <u>Hannover Medical School Da</u> for project specific study data.	cify your demand in the following text
