SOCIAL DINNER

The Social Dinner will take place at the Leonardo Hotel Hannover as a three-course dinner buffet. Mingle with a diverse group of professionals, including experienced voices from the field of organ transplantation, while enjoying a delicious selection of starters, main courses (meat, fish, and vegetarian options), and desserts. The dinner includes soft drinks, wine, beer, and hot beverages.

Date/Time: 07:30 PM, 5th November 2026
Costs: €50 per person
Participation is complimentary for ERN Transplant Child representatives
Venue: Leonardo Hotel,
Tiergartenstraße 117, 30559 Hannover

CERTIFICATION AND CERTIFICATES OF ATTENDANCE

EACCME® and CME accreditation have been applied for.

The certificates of attendance will be sent by e-mail after the end of the event.

REGISTRATION

Deadline
7. SEPT.
2026

REGISTRATION INCLUDING:

Participation in the workshop is free of charge for all ERN-TransplantChild representatives. HANNOVER PAEDIATRIC TRANSPLANT DAY

7th

TransplantChild Workshop
"Emerging problems in
paediatric transplantation"

THURSDAY, 05.11.2026

European
Reference
Networks

WELCOME

PROGRAM • THURSDAY, 05.11.2026

DEAR COLLEAGUES,

We have great pleasure to welcome you to the 7th Transplant-Child Workshop and Hannover PAEDIATRIC Transplantation Day "Emerging problems in paediatric transplantation"

This meeting illustrates the success of the European Reference Network TransplantChild and provides a unique platform for the international exchange of knowledge, experience, and innovation in a highly specialized and truly interdisciplinary field.

For this meeting we aimed to focus on overarching topics in the fascinating spectrum of paediatric transplantation.

The programme has been a joint effort of our multidisciplinary team in Hannover together with input across the ERN. Special thanks go to PD Dr. Nicolaus Schwerk, Dr. Carsten Müller, Dr. Julia Carlens (Paediatric Pneumology), PD Dr. Nele Kanzelmeyer, Prof. Dr. Anette Melk (Paediatric Nephrology), Dr. Johanna Ohlendorf, Katarina Migal (Paediatric Gastroenterology and Hepatology), Dr. Claudia Junge, Dr. Harald Köditz (Paediatric Cardiology and Intensive care), Prof. Dr. Britta Maecker-Kolhoff, Dr. Rita Beier (Paediatric Haematology and Oncology), PD Dr. Murat Avsar, Prof. Dr. Fabio Ius, PD Dr. Adelheid Görler (Cardiothoracic and Transplantation Surgery) and Dr. Nicolas Richter, PD Dr. Philipp Felgendreff, PD Dr. Markus Quante, Dr. Cornelius van Beekum (Abdominal and Transplantation Surgery).

Collegial exchange, networking across borders and open and lively interaction will foster growing knowledge and expertise across Europe, ultimately, to further improve the care of children and adolescents following transplantation.
